Huge Turnout at Last Solo

On October 20, 114 solo enthusiasts braved stiff northern breezes and chilly temperatures to test their skills on the TireRack test track for the last SBR Solo II

of 2002. The wide variety of cars, from a Suzuki Swift to Miatas to Cobra kit cars to the E Mod Fiero of Steve Tamandli, provided a great "photo op" for WNDU-TV, who taped a feature for the evening's sports segment.

The challenging course tested drivers' nerve on the skid pad, and drivers' patience on the switchbacks that connected the test tracks two concentric skid pad rings. With only one car on course at a time, the event went into late afternoon to give everyone three tries to top the class and index times.

STS was the largest class, by far, with Jake Harlan taking the win over 19 other street tire-shod cars. Street Mod followed with 10 cars; Phillip Bowman bested his dad for the win in the class. Our editor, Jeff Luckritz, topped GS by nearly 3 seconds to take the win over 8 others. And Scott Nardin proved, once again, that borrowed cars are faster, taking the win in E Mod over his car's owner. Steve Tamandli.

TireRack employee Chris Harvey, CS Miata, took TireRack Index honors for the day, followed closely by fellow TireRack staffer John Rogers in his DS MINI S.

Final Thoughts

These are my final notes as the Regional Executive of the South Bend Region, and these words do not come easily. I would have very much preferred to stay in this area to continue to lead the region, but that is not meant to be.

I felt very honored by those of you who arranged, and were at my

SURPRISE going away party. Well I must admit that I did suspect that something was up, and wasn't too surprised to see a few cars I recognized in the parking lot.

Many say that I am an outstanding RE, but the truth be known, it is the outstanding people in this region who make me look outstanding. Many of you have gone a long way in making myself and the region look good. George Williams and all his key people who do such a great job with the Solo program. Everyone who is involved in our race every year do such great work that it has become one of the best races in the division, which also makes me look good. Everyone who contributes to the PitBoard and was part of the effort that lead to a national award at the SCCA convention made me look very

good when I accepted it in front of members from around the country.

The workers and competitors who continue to show professionalism in every event around CenDiv, reflected upon me as the RE.

I can't forget all the people who helped at the car shows. I'm sure you will all continue to support the next RE as you supported me, and I hope he will recognize the skills, and dedication the members of this club have to offer. I am heading for the paradise of Hawaii, but what is paradise without racing or solo? So, remember that in January while I sun myself on the beach, that you have your own paradise. As I think of all of you, I will lift my Mai Tai in a toast to all of you and fondly remember my time here.

Aloha

Take this Cobra Home!

Some lucky SBR member will literally walk away with this Cobra 427 S/C. In addition to functional steering, opening doors and hood, this excellent *model* comes with carpeting, instrument panel gauges and controls.

In January 2002, we gave SBR members in the top-20 of Activity Points, large prints of sports, race and vintage cars. Hopefully, you thought they were as cool as I did. If you come visit the Luckritz home, you will find a very cool Michael Shumacher print displayed in the living room.

At the upcoming annual banquet in January, we will reward the top SBR members some pretty cool diecast models. If you are in the top 20 of Activity Points, you can choose from any one of the models below:

C5 LeMans Corvette
F1 Ferrari
1998 LeMans Mercedes
Cobra 427
BMW V12 LMR
Porsche 917
Lola T70
1998 F1 McLaren
Tyrrell P34 6-wheeler
Jaguar F1
1968 LeMans Corvette
Jaguar E-Type Roadster
1950 Ferrari Spyder

In addition to the model, you will receive an awesome base, plus an inscription with your name and finishing position.

As Bill Howe mentioned at his going-away party, SBR is truly blessed with some talented individuals who care very much about the club. From the RE to the SBR member who works our Race and Solos, many of you contribute enormous time to make this a better club.

One could tell that SBR was a special club at the **Driver's School** we co-sponsored in the Spring. We had over 20 members come out to help aspiring drivers earn their competition license. I don't know if that's the most of any participating region, but I bet it's close. Not bad for a medium-size region.

Of the four **SBR Solos** my son and I attended this year, one could sense the family atmosphere upon arrival. I don't travel the Midwest attending Solos, but I have a hard time believing anybody else does it better.

Even at the last Solo of the year at the Tire Rack, where over 110 drivers showed up, SBR put on a good event. Yes, there were problems here and there, but overall, I think competitors appreciated our efforts.

While other regions struggle with low attendance at Regional and even National races, we just keep growing. Drivers come from all over the country to attend the **South Bend Sprints**, and we appreciate every one of them. From Registration and Tech, to Grid and Corner workers, nobody does it better.

When we aren't racing, we try to attract new members at **car shows**. This past year, SBR put on their recruiting hats at two different car venues. It started in the Winter at Cavalcade of Wheels and we wrapped it up in June at University Park Mall. At both locations, we did our best to spread the word about the Sports Car Club of America.

Plan on attending the SBR Annual Banquet at the Matterhorn on January 18th. It's a time to honor all those fast autocrossers, and more importantly, the SBR members who made all the great events in 2002 happen. Our banquet coordinator has promised great food and great times!
