## We Be Flaggin'

Driver's School Report Leon Krauss

I am writing this PitBoard article on the eve of our SBR Regional at GingerMan Raceway where I'll be headed tomorrow to help with setup (you don't have to be a driver to do this) on Friday and then F&C (Flagging and Communications) on Saturday and Sunday. There will be more on this event in a future PitBoard

article. It has been a busy spring and early summer for this race car enthusiast. The season started off with the Indiana NW SCCA Regional @ GingerMan on April 26/ 27 where I worked F&C (see the May PitBoard for a summary of this event. Boy, was the food great!). I followed that up the very next weekend as an F&C worker @ GingerMan for the Vintage Sports Car Driver Association's event (yes, you may use your time and talents for events outside of our own region even though Lloyd won't give you club points for them!). This was a very enjoyable event with many, many

classics strutting their stuff and feeling the rpm power of ages past as they maneuvered their way around the course @ GingerMan. We even had some metal to metal contact by these old boys who still don't want to give an inch if they don't feel you have the guts to challenge them. I have to make note that for worker compensation, this event almost matches our own regional when it comes to great food, gifts, and door prizes. The VSCDA really shows appreciation to all the workers who come out to support their event (are you catching my drift here?)

May 18 was our Solo event at Lake Michigan College and it was a beautiful day for running over or

Flaggin' Cont'd on page 6

### **SBR Sprints Report**

Jeff Pontius

On July 12th and 13th, the South Bend Region held the South Bend Sprints Double Regional Road Race at GingerMan Raceway in South Haven, Michigan. As the Race Chair for this event, I want to thank all of the workers and especially the South Bend Region members who attended this event. Without all of the hard work of ev-

eryone there, the event would not have been possible.

I counted at least 27 South Bend Region members who worked our race. Considering that there were approximately 80 workers total, the South Bend Region provided 34% of the workers at this event. I think that is great! But we can always use more help, so please plan on attending next year's event.

Overall, I think the event was a success. As you may know, the car count was only around 85 cars this year, down from nearly 140 last year. This unfortunately will mean that the region will lose a small amount of money on this race. I think that the economy has hurt car counts at all of

the races this year, but the race schedule may have been what hurt our car counts the most. We had 10 cancellations, most due to broken/damaged cars sustained at events the week before ours. Despite the low car counts all of the drivers and workers that I spoke with said that they enjoyed themselves at the event and the general consensus is that the South Bend Sprints is a well run event.

Thanks again for everyone's help and support in making this year's race a success.

Dave Bowman demonstrating proper flaggin'

# MONTHLY MEETING

When:	First	Tuesday	of every	month.
-------	-------	---------	----------	--------

- Who: All are welcome!
- Time: Board Meeting at 7:00 pm Membership Meeting at 8:00 pm Indiana Time
- Where: Mishawaka Union Station 327 Union Street Mishawaka, IN

# A Weekend at Grissom

#### George Williams

On June 28/29, the South Bend Region held their annual 2-day solo event on the concrete at the Grissom Aeroplex facility, just south of Peru, IN. Known for some of the best autox surface in the Midwest, we got to play on the former B-52 alert area. Several of us went down on Friday to begin the setup. Several folks found at the last minute they could not get there early on Friday, resulting in my having to supervise Steve Tamandli and insure I took frequent breaks for both of us. By late Friday afternoon, several more folks had arrived and most of the work was completed (course setup, cones marked, course chalked, adjustments made for safety, and grid laid out.)

With the remaining helpers arriving on Saturday morning, we were up and running on schedule. As usual with Grissom, you simply cannot have an event without precipitation being a factor. A little С bit of rain only on Saturday was all we had С to deal with and we had dry runs for the С remainder of the weekend. The course de-D signs established by Steve were both fast D and challenging, leading me to hope they D did as well for the National Tour the fol-D lowing weekend. The "World Famous" D Lloyd Loring kept us entertained on the PA C

system with both accurate results from the runs and often confusing "other significant data." We had a number of National Championship-caliber drivers that put on quite a show of driving skills, including probably the 2 fastest A-Mod cars in North America. Scott Nardin prevailed overall in the class, making some blistering runs and demolishing the rest of us on Index. Steve Tamandli did not sufficiently recover from the slave details I hung on him and was edged out in Old-Mod, oops, E-Mod, by the master, Jim McKamey.

In all we had 89 drivers from Texas to Michigan come to play with us and those placing in their classes were rewarded with the excellent trophies selected by Kim Bollinger.

# Tami's Take... on our Race

Boy after a hellish week, I had mixed emotions about going to our South Bend Sprints to work the 2 day event. I sure am glad that I did go. I had the best time working this year's race that I have had in the last 4 years.

The weather was fantastic, the chief of T&S was great to work with and the food was good. In addition, I must say Saturday evening sitting around after everything was finished and talking with old and new friends was great fun. I was glad to see Jeff, our race chairman, sit back for a while and try to chill after a hard day of seeing that everything at the event ran smoothly. This was the first time I had sat and shared stories about the good old times in the club some 20 years ago. Then to hear others tell their stories was really neat. I don't think most of these stories could be shared at our 50th anniversary party! It's strange the topics a full moon can bring out. I think ya'll know what I'm talkin' about ..

I hope there will be many more years of working race events.

Above - Brooke Snyder and Paul Stock "run" the Timing and Scoring System.

*Left - Tami Bowman listening to every command of "pull" in T & S.* 

Either these eggs need more salt, or Chad Murfin is upset about his race car blowing up.

SBR member, Joe Woodward, brought home a 1st and 2nd place trophy in Spec Miata.

Doug Campbell, Jr. (#53) campaigns one of the prettiest cars on the track.

## SBR Changes Solo Schedule

We have added to our solo schedule and changed the dates in September and October. Change the September dates to the 7th and the 28th, both at Lake Michigan College. Then move the October date to the 19th at the Tire Rack. This will give us a full eight-event championship, as well as avoid some conflicts with other events. Enjoy the fun. Come to them all!

# Buy Tires... Help SBR!

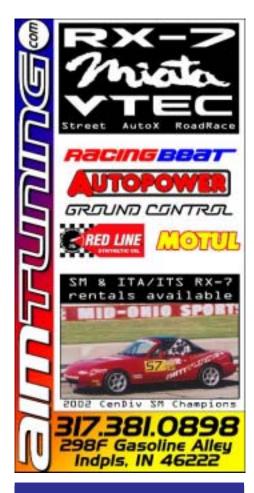

If you're planning on making a purchase from The Tire Rack, make sure you place the order by first clicking through one of the Tire Rack ad banners on our website. If you have a regular salesperson whom you don't want to snub, you can enter their name or phone extension in a special field during the order process.

If you'd like to pick up your order at The Tire Rack, then it gets a little bit trickier... I would place the order online, then immediately call up The Tire Rack and tell them that you'd like to change the order to "Customer Pick-Up." That should work fine. You could send an e-mail, but calling is probably the best idea.

For every sale made via our website, SBR gets a 6% commission! This could help the website to pay for itself!

## You Can Do It!

Become a vital part of the road racing scene in America, including working some of the biggest pro road racing events you can imagine.

As an SCCA race worker, SCCA can give you the skills and experience you need to be the very best. Don't just sit in the stands when you can be a part of the action.

Call Jeff Pontius today to see how you can start. 574-273-0268 or email at: jeff\_pontius@hotmail.com

#### Flaggin' from page 1

ignoring all together those little bright orange things in the road. From the turnout, it appeared many of the drivers had spring fever. Their aggressive approach to the race course revealed that, as well. If you have never been to one of our solo events, you are missing an opportunity to not only drive or watch some exciting solo racing, but you are missing out on being entertained by the silver-throated voice of our own public address announcer, Lloyd Loring. His comments about the drivers and cars capabilities (or lack thereof) are worth the trip by themselves!

Nothing to do with SCCA, but I couldn't resist attending the Indy 500 on May 25 so I could hear Florence Henderson sing the Star Spangled Banner. I noted that she must have taken singing lessons in the past year since her rendition of this same song last year was, well, let's say you would have rather listened to Lloyd Loring (ok Lloyd, I have mentioned your name three times now. How many points do I get for that?)! I even managed to convince my wife, Marolyn, to go along with me this year and she surprised herself enjoying the race and all the festivities. I still say the best seats in the house at the Speedway are high in the 4th turn. Next year I hope to actually get inside the Speedway to watch the race!

The last PITBOARD had an article with pictures about the Charlie Adams Challenge on June 17 at The Tire Rack. I dragged Marolyn with me again and we enjoyed watching Charlie shoehorn himself into those three race cars. It was a good thing two of them were convertibles because he didn't have any place to put his knees! Charlie did some respectable times, but I did have to caution him at one point that if he chose to ignore those little orange things in the road, Lloyd (that's 4) would have to deduct points from his total score. After taking a couple of hot laps with George Williams in his Camaro, Charlie had to jump out of the car and "insist" his cameraman take a lap just so Charlie wouldn't get car sick (or worse!) At the end of the session I believe we had created a new fan for our beloved sport.

June 27 found me at the South Bend Motor Speedway where the USAC sprints were running and a reunion was held for retired drivers. I have never seen so many bent and broken golf clubs assembled together at one time in my life! The evening was highlighted with reproductions of cars from the 20's, 30's, and 40's, better known as Legend cars, mixing it up on the fastest asphalt 1/4 mile in the Midwest for 30 laps of exciting fender to fender racing.

June 28/29 was the SCCA Area 4 Driver's School and Regional event, again @ GingerMan. Although there was not a large turn out of drivers for this event, I am pleased to report that your South Bend Region was well represented by members working (there's that word again) in all aspects of the weekend operations. We had drivers (not golf clubs,) driver trainers (or so that is how they presented themselves), paddock, grid, tower, F&C, F&C Chief, and probably a host of other workers of whom I was unaware. This certainly

SBR members witnessed Leon dishing it in as well as he dishes it out!

showed the strength and interest our club has in this sport and bode well for our own regional this weekend.

On Saturday, Hugh Murfin, a driver (of the infamous SBR Dodge Neon dynamic duo of Chad and Hugh Murfin who only race each other regardless of what ever class of cars are on the course at the same time) worked F&C with me at corner #2 for the drivers school. We had a pretty easy day of it, but there was this one rookie lady driver who consistently required Hugh to leave our station and assist her after she had slid all four wheels off course and parked her car in exactly the same grassy spot three times in a row! At first I thought she was most likely attracted to us and wanted to flirt a little, but then she commented to Hugh, "I just don't understand it. I am doing exactly as my trainer, Jeff Luckritz told me." Hugh and I looked at each other and pondered why Jeff would tell her to drive the wrong line in this turn unless, of course, he was afraid a girl may be future competition for him? Hugh explained the finer points of what line to drive through this turn and she was fine after that! Hugh and I kind of missed her frequent visits, though. Sunday at the regional, Jeff Pontius (AKA Jim Desenberg, according to the name on his workers uniform), another of our clubs drivers (here we go playing golf again!) joined me at corner #5. This is another example of a driver getting a taste of what the workers experience as F&C. For a driver, Jeff picked up on the flagging and radio communications fairly quick. If the truth be known, Jeff probably learned a few pointers from my own mistakes. The all-knowing tower always brings to your attention when they did not get the information they needed or was not in the proper sequence. Once corner #6 was manned, Jeff and I could ease back a bit and he told me some great stories about Lloyd Loring (that's 5 times Lloyd. Are you adding up those points?) I would be remiss here if I didn't say something about how the workers were compensated (all you future wannabe workers, this part is for you!) for their efforts with coffee and doughnuts at the morning meeting, free lunches, snacks, ice cold water, a fantastic dinner and kegger to boot! Having said that, I know the South Bend regional will easily surpass the food, drinks, gifts, and appreciation shown their workers (that was my last BIG hint!).

I capped off this calendar of racing events by attending the CART race in Cleveland this past weekend. 18 Champ cars raced under the lights along the airport runway adjacent to Lake Erie. Pit stops were the key to winning the race for rookie and pole sitter, Sabastien Bourdais. During the course of the race I noticed that at each corner station, CART had positioned four F&C workers. They got selected for those spots by having an SCCA F&C license. This has become a new requirement for workers at CART events and says a lot for our sport and the quality of personnel involved with it. Marolyn was pleased to have attended this event with me. Paul Newman was the winning car owner and our seats were right in front of the winner's viewing stand where Cool Hand Luke was only 20 yards away from her. All I can say is, the Tecate girls looked nice, too!

Until the next PITBOARD, Keep on Flaggin'.

**Post Script**: How did Bert Olson get the job as the official regional SCCA lady kisser and can anyone else volunteer for this position (excepting Lloyd Loring, of course. That's six Lloyd if you haven't been counting. No, wait that is seven. If I mention Bill Loring's name can I get double points?)

Jeff Luckritz

If there is a region in the SCCA with more dedicated members than the South Bend Region, I'd like to meet them. During the past six months, SBR members have participated in the Cavalcade of Wheels, staged four autocrosses and two race weekends at GingerMan.

It seems like just yesterday we were sitting around on the Notre Dame campus trying to recruit new members at the Cavalcade of Wheels. Even though we haven't seen concrete evidence that this event has boosted membership, I believe it helps get the word out about the Sports Car Club of America. We had the SBR booth manned with enthusiastic members from what seemed like sunrise to well past sunset. It was great to see new members take the initiative to help the club out.

The Solo season started out with a Solo Driver's School held at the Tire Rack. Braving flurries and blowing wind, SBR members used their experience and expertise to help new drivers tackle Autocross. Since then, we've had huge turnouts at Lake Michigan College, The Tire Rack and Grissom Aeroplex.

The Solo organizers seem to be doing everything right. After some concerns about the Solo budget were brought to their attention last winter, Solo organizers seemed to have turned it around and turned our Solo events into "positive cash flow" events. We've always put on well-run and organized events, but in 2003, drivers seem to be coming from all over to attend our events. I've got to applaud the efforts of George Williams and all the Solo Chairs for their continued efforts to make the SBR Solo program stronger. GingerMan Raceway has been the home to many SBR members during the last month.

First, SBR members helped host the Area 4 Driver's School(See Leon's article on page 1) held at the end of June. I am not sure of the exact number of members present, but off the top of my head, I would guess we had a good 23 people helping.

On July 12-13, 35 SBR members gave up their weekends at home to "live" at the track for two days (See Jeff Pontius and Tami Bowman's take on this elsewhere in this issue). You literally couldn't go 50 yards in any direction and not run into an SBR member. Many of you haven't worked a road race before, but I am here to tell you these people put in some long days.

The F&C people meet at 7:30 am and don't leave their stations until around 4:00 pm. They are on station the entire day except for an hour for lunch. Timing and Scoring people are keeping track of cars from the moment the cars enter the track until they leave. The folks on Grid are on station all day directing cars onto and off the track. Registration and Tech workers man their posts starting on Friday night and work the next two days checking people in and checking out cars.

Then there's our race chair, Jeff Pontius. I thought getting PitBoard ready every month was a big job, but when I saw the 4-inch binder that Jeff lugged around for the two months previous the race, I immediately began to bow down in his presence. Jeff is organizing an event where tens of thousands of dollars are changing hands and this is quite a burden for one individual.

#### The Luckritz Family Adventures

So far my 2003 race season has been better than 2002, but not as good as I would like. At the moment, I am 5th in CENDIV National points in SSB.

Over the winter, I installed a motor prepped by one of the premiere engine builders in Showroom Stock racing. Needless to say, I had high expectations once I hit the track with my 1999 Mazda Miata.

It still seemed like I was down on power though. After a few phone calls, the remedy seemed to be changing the oxygen sensors. The prevailing logic was that even though the sensors were fine for street use, they weren't making the proper readings for maximum horsepower.

After replacing the oxygen sensors, I took the car over to Angel Automotive for some dyno time. After an hour on the dyno and making a few adjusments, I was able to get 126 hp at the wheels. This is a 10 hp improvement over last year. This may not seem like a lot, but that would translate into several car lengths on the straights every lap.

If I can't run near the front for the rest of the season, then I can only draw two conclusions. Either I can't drive rear wheel drive Miatas, or everybody else knows some secret to speed and they won't let me in on it. The Miata is a fun car to race and I am going to keep trying my best to get to the front.

Autocrossing has been bittersweet for the family. Even though I have been midly successful in my 137k mile- four door-never been touched-still has original everything-Dodge Neon, my son hasn't been as close to the front as he would like. I keep trying to instill in him the importance of car control and self improvement, but I think he would trade all that for a Solo II win. I'll keep encouraging him and you should expect to see him at the remaining SBR Solos.

My daughter, Kristi, has entered a new realm of SCCA road racing. Ever since she was five years old, she has spent a half dozen weekends at the race track helping support her racing father. But now, she has become an "expert" in Timing and Scoring. At the SBR Sprints, she spent two days keeping track of cars and talking the ear off anyone who would listen.

#### Winding Down

As the eve of summer approaches, there is still a lot of autocrossing and racing action ahead.

Road racers and workers have lots of races to attend between now and the end of the year. The Valvoline Runoffs held at Mid-Ohio continue to prove to be the crown jewel of amateur road racing.

Autocrossers can look forward to half the SBR season between now and October with events at Lake Michigan College and the Tire Rack. Several drivers will be heading to Topeka in search of a National Championship. I am sure they'll represent us well.

# Thanks!

The South Bend Region would like to thank Campbell Ford/ Lincoln/Mercury/Saleen of Niles, MI for supplying the Mustang Pace Car for the South Bend Sprints at GingerMan.

#### **PitBoard Space Available for Ads.**

#### Our rates are as follows:

full page\$400/yr \$40/mo 1/2 page \$300/yr \$30/mo 1/4 page \$200/yr \$20/mo 1/8 page \$100/yr \$10/mo Rates and terms subject to change. Please contact the editor if you are interested in placing an ad. Thanks.

### SBR CALENDAR OF COMING EVENTS

August 6 August 24 September 2 September 7 September 28 SBR Membership Meeting @8:00 pm SBR Solo#5 at Tire Rack SBR Membership Meeting @8:00 pm SBR Solo#6 at LMC-New SBR Solo#7 at LMC-New

## CLASSIFIEDS

**Classifieds are free to South Bend Region SCCA** members; non-members may advertise for \$5.00 per ad month. Ads submitted by members will be run for 2 issues unless the editor is notified. Non-member ads will run based on payments received. To place a display or classified ad, contact the PitBoard editor.

#### PITBOARD SUBMISSIONS

Send, e-mail, or personally deliver your articles, photos, classified ads,comments and ideas to the PitBoard editor by the 15th of each month. I do not have Microsoft Word, so I can't easily open Word.doc files. Text works fine, though. Include your name, phone number and e-mail address with your submission, just in case the editor needs to contact you; no anonymous submissions will be printed. When sending photos (which will be returned) include the who, what, when, where, why, and how information.

## PitBoard in Full Color!

You can receive PitBoard in full color via e-mail. Instead of using the good old Post Office, save the club a few bucks and get PitBoard electronically.

Simply e-mail H.C. Colwell at hcolwell@michiana.org. He will make all the arrangements. Still want to get PitBoard via USPS? No problem...just do nothing.

# **Membership Application**

#### **Dear Prospective SCCA Member:**

To apply for membership in the Sports Car Club of America, the world's largest member participation automotive organization, please complete the form below *in full* and return, with payment, to the South Bend Region, SCCA Membership Co-Chairs: David & Tami Bowman 3807 Fern Hill Dr, Mishawaka IN 46544-6267, or to the SCCA Membership Department, PO Box 19400, Topeka, KS 66619-0400.
