## Tech Talk #2—Preparation

By Adam Lewis—South Bend Region Chief Tech Inspector (SBR Blog re-print, shortened for printing)

The South Bend Region kicked this years Solo season off with a bang once again! 106 entries with plenty of new faces made our first event of the season spectacular. It was also my first event as tech chief. I learned a whole lot more than I expected and I wish to pass that information along to you. They say hindsight is 20/20, but in Solo we need to be looking ahead, which is what this article is about, looking and planning ahead.

## Things you can do before coming to an event:

- Check all of your engine's fluids. We all know the importance of having proper fluid levels. Make sure they're where they should be.
- Clean the car up: Make it look presentable. Solo II events are not only a competition, but a car show of sorts. Clean her up and show her off a little because, chances are your car will be photographed, and possibly posted on the web. Everybody loves a shiny car. Remove anything and everything that doesn't apply to autocross, or the journey to and from.
- Do a quick inventory of the things you plan to bring with you. I can't tell you how many times I've found my self at an event and have forgotten something. This is experience talking here. Get stuff together the day prior.
- Do a quick inspection of the car's ball joints and tie rod ends if possible. Solo II can put a lot of stress on these parts, and you really do NOT want them to break during competition.

#### Once you arrive at an event:

After you arrive and find yourself a cozy little spot in the paddock, you have one of two options. Get registered, or go through tech. If you arrive before registration opens, then you have a little time to spare, but not as much as you might think. If you arrive after regis-

(Continued on page 4)

## We Be Flagg'n

By Leon Krauss

Indiana Northern Region (INR) kicked off their 2007 road racing season with a National Race at GingerMan Raceway near South Haven, Michigan the last weekend in April. Car turnout was in the low one hundreds. Worker turnout was also a little slim (perhaps some of the corner workers had read some of my previous articles about working GingerMan in April!), but Ginger-Man, under a fresh management team this year, supplied the necessary new track "fill-ins" and they worked out amazingly well! We got to go racing without any snow, without any cold weather, without rain, and minimal Lake Michigan breezes. Yes, we even had sun and blue skies for most of the weekend. It made me wonder if I was in the right state!

I must confess, I had placed a disclaimer on my registration for this race. If the temperature was not above 60 degrees, I was staying home and mowing the yard, cleaning out the garage, transplanting some Hostas or some other honey-do projects! But then again, it was the first race of the season in our area and I was itching to try on my white Dickies. Besides, my wife knew there was nothing in my garage that I really wanted cleaned-out, she was perfectly capable of mowing the yard herself, and the Hostas will spread into new locations if you give them enough time. Right? So, of course, I went racing!

Four other SBR members were working this event as well. Jim "The Magnet" Desenberg worked the corners along with me, Duane Belisle worked grid as did Dennis Jennings, and Eugene Wieczorek worked sound ("Control, control this is sound. Go ahead sound. The exhaust noise on that Porsche measures 105 decibels! What are you going to do about it? Have him point his exhaust the opposite direction from your equipment!") WMR member Verne Wandel was our illustrious Flagging and Communication Chief. SBR Regional Executive Jeff Luckritz showed up on Sunday with his Miata and even though he had to start all the way in the last position of his group still managed to pull off a fourth

# SBR Spotlight

## **RE Notes**

Jeff Luckritz

## Lucky's Rules of Driving

I just got back from a family gathering in suburban Detroit on Sunday. The trip takes just under three

hours and consists of 95% freeway driving. Sunny and clear skies meant that the pavement was dry and I was able to cruise along "just above" the posted speed limit of 70 mph most of the way...until I came upon morons.

It's not only common courtesy to drive in the right lane on a two lane freeway, it is also the law in Michigan. When there are two lanes in one direction, the left lane is intended for drivers who are passing or turning left. Since the "turning left" statement doesn't apply to Interstates, one would think that drivers could and should understand that they belong in the right lane.

Either people are stupid or they don't check their rear-view mirrors. Between Battle Creek and Kalamazoo, 15-20 other motorists and I were stuck behind a SUV traveling at 70 mph in the left lane. The problem was he was passing semi's, but at a very gradual pace. Several opportunities arose where the guilty SUV driver could have looked into his mirror, notice the 20 cars behind him, and pull into the right lane between 2 semi's and let us all pass. It would require the guilty driver to travel in the right lane for 20-25 seconds while the rest of us passed him on the left.

But no. Instead, it took me and 20 miles to get past this guy and others like him. So, here's the rule: Pass on the left only if you are not going to hold others up. If you find that you are impeding the travel of others, then return to the right lane as soon as possible to let faster cars go by. Once they are on their way, resume your pass in the left lane. Be sure to check your blind-spot and always use your indicator.

I feel better now, thanks for listening.

## **New Members**

None this month. See page 6 to find out how to join.

# SBR MEETING MINUTES (5-1-07)

ATTENDEES: Kim Bollinger, William Loring, Paul McBride, H.C. Colwell, Mark Manninen

Approved minutes from 3-6-07.

## TREASURER'S REPORT—H.C. Colwell:

March and April both showed positive cash flows, but year-to-date we remain in the red which is typical for this time of year. This should be resolved by incoming membership dues and solo/race incomes as the racing season gets under way.

MEMBERSHIP: 180

### SOLO—Kim Bollinger:

The new PC and associated software have been networked, checked out, and verified operational. The April Solo event held at Tire Rack had 105 participants while only 40 cars had been initially anticipated, and only 54 had pre-registered. It was enormously successful and impressed SCCA President Jim Julow, who was in attendance! Well done Kim and Solo members!

#### RACE—Paul McBride:

Paul announced we now have a confirmed Registrar for our August National at GingerMan which will allow him to have our raced sanctioned by SCCA. He suggested that we come up with a "name" for this race and within it to possibly have one of the group races named after Bert Olson.

## **OLD BUSINESS:**

No further suggestions had come forward regarding Memorializing Bert Olson, but see RACE above. Our club display at the Cavalcade of Wheels drew in 22 names of interested people. They will be contacted by mail. All 6 cars in the display were trophy winners. We had 32 members participate at this event

## **NEW BUSINESS:**

None

## GENERAL MEETING:

Assistant RE, Bill Loring, conducted the meeting in the absence of RE, Jeff Luckritz. 17 members and one guest who became a new member were in attendance.

Respectfully submitted, Leon Krauss, Secretary

## **Monthly Meeting**

When: First Tuesday of the month

Where: Mancino's

4303 Lincoln Way East

Mishawaka, IN

(see map)

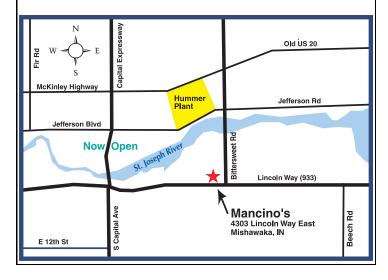

**Who:** You do not need to be a member of SCCA to attend. Members and guests are always warmly wel-

come at all SBR meetings

Time: Board meeting at 7:00 PM, General meeting at

8:00 PM

Note: All times are South Bend, IN times

# Free SCCA dues for 1 year!

If you qualify for any of the positions listed below, you will receive full SCCA dues for a regular member(local + national).

National Race Worker License Holder

PitBoard Editor

Race Chair

Regional Executive

Solo Chair

Treasurer

Webmaster

Or, hold any of the positions listed below and receive 50% of full dues for a regular member.

Activity Points Keeper

Car Show Coordinator

Divisional Race Worker License Holder

Club Secretary

Solo Chief Safety Steward

Solo Timing and Scoring Chief

Solo Course Design Chief

Solo Equipment Chief

Solo Trophy Chief

Please see SBR By-Laws for details. Contact Jeff Luckritz if you have questions.

## GLASSIFIEDS

Classifieds are free to South Bend Region SCCA members. Non-members may advertise for \$5.00 per add month. Ads submitted by members will be run for 2 issues, unless the editor is notified. Non-member adds will run based on payments received. To place an ad, please contact the Pit Board editor at pitboard@sbrscca.org

### 1976 Chevy Corvette Stingray -

Red/Red, T-Top, L48 350 CI, AT 3 spd, PS, PB, PW, AM-FM radio, Rally rims w/ original center caps, no A/C.

New: Top radiator hose, temperature sending unit, battery, PS pump and hoses, master brake cylinder, "rebuilt" brake calipers, bigger front sway bars, front coil springs (550# rated), KYN gas shocks

Motor: Holly 650 CFM, Aluminum Holly Predator intake, Hedman headers, Flowmaster Series 40 mufflers.

Race seat w/4pt harness, 4 late '80s Pontiac TransAm rims w/ Hoosier Competition Tires.

\$5995.00 / make offer

David Bowman—574-255-7600 or Mom161822@aol.com

#### 1999 BMW 328i -

Alpine white, beige leather interior, 4 door. 128,000 miles. New brakes, rotors (400 miles), AT, PS, PB, PW, power sunroof. Very quick. \$6500

David Bowman—574-255-7600 or Mom161822@aol.com

#### 19' Homebuilt race car trailer w/tire rack -

New: Twin Dexter axles rated at 7000# with electric brakes, white spoked rims/tires. Have fenders to put on. Needs VIN#. \$1000

David Bowman—574-255-7600 or Mom161822@aol.com

## Winter Tires For Sale -

Four (4) Michelin Arctic-Alpine, 205/55R16, one season, \$200.00

Jim Krzyzewski - (574) 286-1321, leave message.

#### Fully prepared and ready to win again!

14 National Championships, including 2005 in D Prepared. Crank-triggered ignition, Accu-Sump, custom adjustable suspension (F/R), cockpit adjustable brake bias, adjustable Corbeau seat,

large front brakes, BW T-5 (5.0 Mustang) transmission w/ custom gearing, electric fan and water pump, Quaife and cam and pawl LSDs, double bearing rear hubs, custom header/exhaust, 1-1/4 and 1-1/2 carbs, custom axles, and many other features and spares including second complete race

engine. \$13,500 for entire package (except steering wheel). See picture in Nov. '05 SportsCar, p83. Alternate configurations &/ or trailer also available. Call Steve or Kim—574-271-0088.

(Continued from page 1)

tration is open, go see them first. The sooner people get through registration the better. It just helps get the day going sooner for everybody. I will have tech inspection open before registration, but before you see me, there are some things to do. If you are going to change tires, now is the time. Make sure you torque the lug nuts after your tire change. I cannot stress this enough. Remove ALL loose objects from the vehicle. Floormats, cups, child seats.....anything that can move around needs to come out. An innocent enough garage door opener can quickly turn into a U.F.O. (Unfriendly Flying Object) in autocross conditions. If you have an after-market stereo system with a sub enclosure, it needs to be removed also if the box and amplifier are not securely fastened. If you need to remove this item, I also ask that you remove the fuse for the main power, or "hot" wire for the amp. If your system is not equipped with a fusible link, then I require several layers of electrical tape be wrapped around the exposed part of the "hot" wires. If the car has hub caps, they gotta go also. We don't want one coming off and injuring a course worker. After everything is removed, place it in a part of your paddock area that is out of the way so as not to be tripped or run over. Now is a good time to apply your numbers and class lettering so we know what to write on your tech sticker.

Going through Tech: What to expect from a tech inspection.

- We are going to check the tires. We're going to visually inspect them for excessive wear or "cording". We're going to give each one a jolly good shaking to make sure there is no slop in the ball joints, and to help ensure they are on tight. We're going to inspect the lug nuts also, and ask you if you torqued them, if they have been changed.
- We're going to check the interior of the vehicle. Anything that can come loose should be out of there.
- We're going to check the brake pedal to make sure it is firm and working.
- We're going to check the battery to ensure it is fastened securely. Bungee cords and zip ties are not the answer here folks.
- We're going to check the throttle return, where applicable. The "Fly By Wire" cars get to slide on this one.
- We're going to do a visual safety inspection of the overall vehicle. Vehicles with random body parts falling off, dangerous interior conditions, or engines spewing their life blood all over tech will be disqualified from competition, no exceptions.
- Finally, we'll be checking your helmet. A SNELL 1995 or newer is the rule. If I don't see that sticker in your helmet, you may not use it, and will have to use a loaner helmet.

You made it through registration and tech. You've walked the course (several times I hope) and have attended the driver's meeting. Now the real fun part. You make your first run!! Did you change tires this morning? After your first run you gotta retorque those lug nuts. I know it sounds crazy, but those puppies have a way of working themselves off. *This is a huge safety concern on so many levels and I CANNOT stress it enough.*

place finish!					
Fortunately for the drivers, Desenberg's flux density hadn't been recharged over the winter and he had to spend a quiet weekend watching the race cars drive by his stations without even the re-	June 5	SBR Membership Meeting			
mote hint of any smoke or fire! I do have this vague recollection that one of the corners had called in a car with smoke in the cockpit, but it turned out to be just a cloudy Plexiglas windshield. Nice try though, Jim. Way to be looking!	June 9 & 10	Great Lakes Division Driver's School @ GingerMan Raceway, (South Haven, MI)			
Aside from one Formula 500 driver who caught the concrete berm at corner 10 sideways and got his bell rung as his car lifted into the air and slammed hard back down onto the racing surface (ambulance driver to race driver, "What is your name? What day	June 23 & 24	Solo Points Event #3 and #4 (Grissom Aeroplex—Peru, IN) PRE-REGISTERATION required for this event			
is today? Where are you? Now, count backwards from 10 starting with 100!") there were no other major incidences. I believe we lost one Spec Racer Ford to a blown engine and no, it was not Jim	July 10	SBR Membership Meeting			
Krzyzewski in his rainbow warrior, (where were Bernard and you, Jim?) but other than that, it was a beautiful weekend for racing in Southwestern Michigan.	July 22	Solo Points Event #5 (Tire Rack—South Bend, IN)			
When I did arrive home Sunday, the yard was mowed, the garage was cleaned out (but Honey!!!!! I might have used that stuff someday, maybe, perhaps!), and those Hosta plants were doing their	August 7	SBR Membership Meeting			
darndest to grow like weeds. Heck, I think I might just go racing every weekend! Until next time—Keep on Flagg'n	Want	more info?—www.sbrscca.org
